Description

Rene Lalique Grande Libellule Car Mascot with amethyst tint

Hard to find popular large dragonfly car mascot

The condition is very good and all original, there are air bubbles within the glass. To the wing there is a distinctive line of tiny air bubbles running 3/4 of the way up, some scratches to the base and wear marks from been in a mount

There is a noticeable amethyst tint to the mascot which is not easy to capture through photograph but can be seen quite clearly in the photo showing the base.

Engraved R Lalique France along the tail. Moulded mark R Lalique one side and France the other side
