

Steuben perfume bottle

Sold

REF: 1531

Height: 16 cm (6.3")

Description

Steuben Aurene blue iridescent glass perfume bottle with applied gold prunts

American C1920

The condition is very good with no damage, faults or scratches

The bottom of the bottle is not quite flat, as you turn it the stem appears to lean at an angle

The bottle is unmarked, Steuben used paper labels during there time, so I imagine this bottle had a paper label and has come off over time.

Aurene was developed by Frederick Carder (1863-1963) at Steuben Glass Works in Corning, New York, in 1904.
