Description

R lalique Deux Sirenes powder box and cover

Uniquely it has the original card base, powder and card cover to accompany the glass lid. This is rarely seen as they are either used, or discarded

The powder has been opened and is in plastic wrap to stop it going everywhere.

The deux Sirenes lid has a moulded R Lalique mark around the edge of the bottom of the lid and also D'orsay

The lid is in excellent condition, the card is in good condition but does show expected signs of wear.
