

Rene Lalique Cinq Chevaux car mascot

Rene Lalique

Sold

REF: 1741

Height: 11 cm (4.3")

Description

One of the more difficult car mascot to find the Cinq Chevaux was the first mascot design by Rene Lalique for the Citroen car company in 1925

This is a very good example with a nice amethyst tint complete with an original Breves Galleries mount
The condition is excellent with no damage or faults.

For total accuracy there are two internal air bubbles and a mould line which is just visible

Moulded mark R Lalique

wheel cut France and engraved with the model number 1122 to the base

Model Number 1122

introduced in 1925

Marcilhac page no 497

Given height is for the mascot only complete it is 18.5cm

The turned wooden base is modern
