

BRADLEY GENT

SPECIALISING IN RENE LALIQUE GLASS

Rene Lalique Tete d'epervier

Rene Lalique

Sold

REF: 1776

Height: 6 cm (2.4")

Diameter: 6.5 cm (2.6")

Description

Clear and frosted glass tete d'epervier (hawks head) with a subtle amethyst tint
The condition is very good with no damage or faults

Moulded mark to the back of the head Lalique France

Marcilhac page ref 499

Model 1139

Introduced in 1928

Note: Rene Lalique mascots with a amethyst tint are hard to find and are desirable to collectors.
Having an amethyst tint indicates that it has more than likely been used as a mascot and has been mounted on a car.

The clear glass gets irradiated by direct sunlight and over time takes on a amethyst hue.
