

Rene Lalique opalescent coquilles no4 Plate

Rene Lalique

Sold

REF: 1846

Diameter: 20.3 cm (8")

Description

Rene Lalique opalescent coquilles plate with very nice colour to the central shells and the diameter of the rim

Marcilhac page 701

Model No 3012

Introduced in 1924

The condition is very good with a few little marks, visible mould line above the R Lalique mark, nothing detrimental.

The plate displays very nicely

This is the second smallest size
