

Rene Lalique Alexandrite Davos Vase

Rene Lalique

Sold

REF: 1202

Height: 29 cm (11.4")

Description

Rene Lalique Alexandrite Davos Vase

Introduced in 1932

Marcihac page ref: 455

Excellent original condition

Alexandrite glass is dichroic meaning two colours. Due to the glass containing neodymium under different lighting conditions the vase magically changes colour.

Lalique only made a few examples of Alexandrite glass
